5 Replace line 145 on page 6 with the following:

6 41-22-5, Code of Alabama 1975.

7 (5) A rule that would reduce exposure to substances
8 classified as known or probable human carcinogens by the
9 United States Environmental Protection Agency or the
10 International Agency for Research on Cancer, including
11 those substances associated with increased risk of
12 non-Hodgkin lymphoma.
